Dears Friends,

My name is Antonio Augusto Geraldini. I'm from São Paulo - Brazil. I'm one of the directors of " Clube do fordinho ", a non-profit Organization, like Mafca, dedicated to preserve de great Ford Model A.

Our club was founded in 1.971 and we have about 400 associates who loves the Model A. We help ours friends restorations, trying to find spare parts, technical informations, etc.

We make a weekly meeting in São Paulo, where we discuss about restoration, events and so on, but we really prefer to run with ours cars. We are constantly at the roads of our country. Since 1.971 we are putting these loved and braves Models A running.

Ford Motors Company of Brasil sponsored many of ours events and we have the recognition of the Brazilian authorities.

Please, visit our site - www.clubedofordinho.com.br to know our efforts. We are trying to do our best to preserve Models A in Brazil.

We'll be glad to be recognized to the Great Mafca Club and we are asking to have our site included in yours " LINKS "

I'm so sorry by my poor English. I do tried my best !

Mafca is our brother Club. We appreciate so much your efforts.

friendly yours,

Antonio Augusto Geraldini -- Clube do Fordinho - Brasil
