

Area 1 – Engine Compartment

INCLUDES: engine, fuel system (carburetor and fuel pump and lines), underside of hood, cowl and radiator lacings, engine pans, engine supports (mounts), and correct finishes.

DOES NOT INCLUDE: cooling system (inlet/outlet castings and gaskets, pump, fan, hoses, clamps, radiator), electrical system (generator, starter distributor, coil, terminal box, spark plugs, all wiring and connectors), exhaust system (manifold, gasket, exhaust pipe), steering column, nor any accessories (i.e. heaters).

TOTAL POINTS 40

GENERAL

Finish, workmanship, plating, materials and correctness should be foremost in judging. If any area of the engine compartment has, grease, oil, dirt, or water spots, take half of the points off that is allotted for that area. For authenticity of the various components judged in this area, refer to the current Model A Restoration Guidelines and Judging Standards. A good reproduction part shall receive 50% of the points for that item, but a modern part (after 1939) will receive 0 points.

<u>ENGINE AREA</u> (Must be A, B, or G-28 block)	<u>MAX. PTS.</u>	<u>SCORE</u>	<u>CODE</u>
Engine block (Any paint color allowed)	<u>10</u>	_____	_____
Oil breather pipe (Must be A or B)	<u>2</u>	_____	_____
Head (Any <u>original</u> aftermarket heads like Miller/Cragar up to 1939 receive full points Later reproductions like Brumfield, Miller, Riley, etc. receive 50% reduction in points.)	<u>10</u>	_____	_____
Engine mounts (Any type offered up to 1939)	<u>3</u>	_____	_____
<u>FUEL SYSTEM</u>			
Carburetor (1928-1939 carburetors only) Newer Carburetors like the Weber receive 0 pts.)	<u>5</u>	_____	_____

Intake manifold	<u>2</u>	<u> </u>	<u> </u>
Fuel lines (Fuel line from firewall to engine must have flexible section to absorb vibration. Any type of fuel shut-off valve okay, no leaks)	<u>2</u>	<u> </u>	<u> </u>
<u>FIREWALL, UNDERSIDE OF HOOD, LACING</u>			
Underside of hood (same color as top of hood)	<u>2</u>	<u> </u>	<u> </u>
Cowl and radiator lacings (installed with era fasteners—no pop rivets)	<u>2</u>	<u> </u>	<u> </u>
Firewall and engine pans (engine pans optional, no extra holes or cracks)	<u>2</u>	<u> </u>	<u> </u>
<u>TOTALS</u>	<u>40</u>	<u> </u>	<u> </u>

Area 21 - Start/Idle/Functional Test of Equipment

In this area, you are not judging the individual correctness of the car, but whether it starts, idles, and is ready to operate on the road. The car should start quickly with no hesitation. When revved up, there should be no "dead" spot. The engine RPM should advance smoothly and quickly. Retard the spark, if original distributor, and check for engine smoothness. The tail pipe should not show evidence of oil burning or running too rich. There should be no wobbly pulleys, water or oil leaks. The engine should not knock at any time, and the AMP gauge should show a positive charge rate.

All items listed should be in good working order

TOTAL POINTS: 25

<u>ENGINE</u>	<u>MAX. PTS.</u>	<u>SCORE</u>	<u>CODE</u>
Engine RPM/smooth when retarded, no knock or "dead" spot	<u>5</u>	_____	_____
Wobbly pulleys/fan belt cracks	<u>2</u>	_____	_____
No oil blow-by, or leaking hoses	<u>2</u>	_____	_____
AMP gauge properly working	<u>1</u>	_____	_____
<u>FUNCTIONAL TEST OF EQUIPMENT</u>			
All lights in working order	<u>5</u>	_____	_____
Safety Glass, working wiper and good blade	<u>3</u>	_____	_____
Serviceable condition of wiring	<u>3</u>	_____	_____
Emergency Brake holds/brake pedal travel	<u>2</u>	_____	_____

Horn	<u>1</u>	<u> </u>	<u> </u>
Loose battery	<u>1</u>	<u> </u>	<u> </u>

Deduction Codes for Modified Class

IA - Incorrect Assembly
WS - Workmanship
PM - Parts Missing

IP - Incorrect Part
IF - Incorrect Finish
RP - Reproduction Part

CC - Cleanliness/Condition
OR - Over Restored
WO - Working Order

Area 22 - Wheels, Tires, and Valve Stems

INCLUDES: wheels, tires, tire valve hardware, hub cap, lug nuts, and spare tire carrier. Era wheels must be 1935 or earlier, including wire, wood-spokes, disc, and "jumbos". They must all match. No reverse rims or mag wheels are acceptable. Check for condition, workmanship, plating, paint finish, and wheel color.

TOTAL POINTS: 35

GENERAL

For authenticity of the various components judged in this area, refer to the current Model A Restoration Guidelines and Judging Standards. A good reproduction part shall receive 50% of the points for that item, but a modern part (after 1939) will receive 0 points.

<u>WHEELS</u>	<u>MAX. PTS.</u>	<u>SCORE</u>	<u>CODE</u>
Wheels, up to and including 1935	<u>8</u>	<u> </u>	<u> </u>
Tires, matching, wear and condition	<u>6</u>	<u> </u>	<u> </u>
Hubcaps and lug nuts	<u>6</u>	<u> </u>	<u> </u>
Tire valve hardware (can be rubber stems)	<u>5</u>	<u> </u>	<u> </u>
Alignment, valve to hubcap (forming a T)	<u>5</u>	<u> </u>	<u> </u>
Spare wheel carrier, color and correctness	<u>5</u>	<u> </u>	<u> </u>
<u>TOTALS</u>	<u>35</u>	<u> </u>	<u> </u>

Typical "Jumbo" wheel

Area 23 - Shocks and Shackles

INCLUDES: shock bodies, mounting bolts, arms, links, spring shackles and fittings. Shocks may be friction type or hydraulic; no tube-type shocks permitted.

DOES NOT INCLUDE: any other parts of the suspension or undercarriage.

TOTAL POINTS: 20

GENERAL

Finish, workmanship, plating, materials and correctness should be foremost in judging. For authenticity of the various components judged in this area, refer to the current Model A Restoration Guidelines and Judging Standards. A good reproduction part shall receive 50% of the points for that item, but a modern part (after 1939) will receive 0 points.

<u>SHOCKS</u>	<u>MAX. PTS.</u>	<u>SCORE</u>	<u>CODE</u>
Shock bodies (no tube type shocks, and all Matching)	<u>7</u>	_____	_____
Shock arms	<u>4</u>	_____	_____
Shock links	<u>3</u>	_____	_____
 <u>SHACKLES</u>			
Shackles and fittings,	<u>6</u>	_____	_____

Area 24 - Overall Appearance and Stance

In this area, walk all around the car and look from all sides for symmetry and appearance. Are the front and back bumpers parallel to the ground? Does the body lean to one side, possibly needing a larger body block, sagging springs or worn shackles? You are not looking at individual body part's fit in this area, but general overall appearance of how the car stands.

TOTAL POINTS: 5

APPEARANCE

MAX. PTS.

SCORE

CODE

Body appears straight, not leaning

3

Bumpers are parallel to the ground
